

# Turny® Orbit

A powered swivel and lift base that rotates the car seat and brings it completely outside the vehicle.

Turny Orbit 480

The Turny Orbit is a seat lift that will allow the user to get seated outside the vehicle, before being comfortably lifted to a safe position inside. Having the car seat completely outside of the vehicle and at a height of choice can be very helpful when getting seated or making the transfer from a wheelchair.

Turny Orbit features powered swivel and lift. It is suitable for passenger side installation only.

### Quick facts

- Entry-level seat lift
- Powered lift and swivel
- Generous lifting height
- Optional footrest

### Specifications

POWER SUPPLY ..... 12 V
